

## T016 Resin Flat Print-head

**This high quality resin grade is for use in a wide range of industries. The high-density prints from flat head printers show excellent scratch and smudge resistance. It also has excellent resistance to various chemicals such as IPA, industrial alcohols, hydraulic oil, antifreeze, etc. The patented, static dissipative ink layer, coupled with antistatic additives in the back coating, extend the useful life of the print head. T016 is a recognized component of UL certifications.**
